

The Administrative Council was formed by former President Daniel H. Weiss in 2010 as a committee of administrators tasked with planning ways to continually and creatively address issues regarding administrative staff.

The work of the Council is focused on allowing constituents to participate in the discussions and actions that will keep Lafayette among the most dedicated and resourceful higher education communities in the nation.

COLLEGE

SUB-COMMITTEES

Welcome Committee

Informing employees about our mission as a voice for the campus community, enhancing interaction with the Council, and ensuring that transitioning members have the information and resources to succeed.

Benefits Committee

Researching best practices at Lehigh Valley, peer, and aspirant institutions, the Committee makes benefits package recommendations aimed at meeting the needs of an ever changing environment and workforce.

Social Committee

Cultivating a cohesive community by organizing fun, engaging, and entertaining activities and events to encourage employees' personal and professional productivity, and physical and mental well-being, by achieving a good work-life balance.

Campus Organizational Committee

Advocating for development of clear college-wide procedures and policies with consistency in implementation, establishment of a centralized hub for staff information and resource sharing, and fostering a culture of collaboration.

COUNCIL OBJECTIVES

- Provide a more formal structure which ensures/encourages open communication across the College
- Support professional development and foster individual initiative
- Provide additional opportunities for best practices to be achieved
- Increase our focus on the positive and the possible
